Education - Recent community ascertainments have identified numerous education related topics as issues of substantial and on-going concern within the Terre Haute DMA. High school drop-out rates, funding and physical facilities, grade point indexes, percentage of high school students going onto college, and continuing adult education and re-training to preserve a "qualified workforce" pool of employable workers.

The Economy/Jobs Growth - This encompasses many varied areas of interest and concern. From the basic needs of families to maintain or attain a particular standard of living to issues more related to community/business economic issues such as business expansion, new industries, availability of jobs and existing tax rates.

Public Safety & Health - This category is one that overlaps other areas, but that is identified as a stand alone issue as well by residents in the Wabash Valley. This includes the very personal concerns of individuals relevant to their personal health, safety, work and environment. With sub-issues such as social safety, continuing safe education programs and overall comfort levels at home, work, and play.

Substance Abuse - This issue of concern is certainly self-explanatory given today's national and local environment relative to many types of abuse. Deals with efforts at removal & control of litter, efforts to remove offensive odors from the air (a real problem in Vigo County) and overall efforts to create a more positive attitude about the physical world in which we live.

Transportation - This particular area concerns the efforts to improve transportation around the city. It might include efforts to update our city bus service, installation of traffic lights or stop signs to make intersections safer, remodeling of streets around the city, etc...
